

# SportsChamp at Monash University

**Usage:** To inquire sports related activities and information in Monash University.

**Step 1:** Creating Dialog Flow account.

**Step 2:** Creating Agent

### Step 3: Bot Development and creating intents.

SportsChamp

Training phrases ?

Search training phrase

⚠️ Template phrases are deprecated and will be ignored in training time. More details [here](#).

When a user says something similar to a training phrase, Dialogflow matches it to the intent. You don't have to create an exhaustive list. Dialogflow will fill out the list with similar expressions. To extract parameter values, use [annotations](#) with available [system](#) or [custom](#) entity types.

Coach

| REQUIRED ? | PARAMETER NAME ? | ENTITY ?  | VALUE      | IS LIST ? | PROMPTS ?         |
|------------|------------------|-----------|------------|-----------|-------------------|
| ✓          | Coach            | @sys.time | \$Coach    | ✓         | Define prompts... |
| ✓          | Name             | @sys.give | \$Name     | ✓         | Define prompts... |
| ✓          | Location         | @sys.loca | \$Location | ✓         | Define prompts... |
| ✓          | Time             | @sys.time | \$Time     | ✓         | Define prompts... |
| ✓          | Age              | @sys.age  | \$Age      | ✓         | Define prompts... |

+ New parameter

## Step 5: Providing Prompts:

### Prompts for "Age"

| NAME    | ENTITY  | VALUE |
|---------|---|-------|
| Age     | @sys.age  | \$Age |
| PROMPTS |   |       |
| 1       | Age is just a number! still we would like to know it. |       |
| 2       | Can you let us know your age?                         |       |
| 3       | Enter a prompt variant                                |       |

### Prompts for "Coach"

| NAME    | ENTITY                                  | VALUE   |
|---------|---|---------|
| Coach   | @sys.time                               | \$Coach |
| PROMPTS |   |         |
| 1       | Hi there, which coach would you prefer? |         |
| 2       | Do you have any preferences for coach?  |         |
| 3       | Enter a prompt variant                  |         |

### Prompts for "Location"

| NAME     | ENTITY  | VALUE      |
|----------|---|------------|
| Location | @sys.location   | \$Location |
| PROMPTS  |   |            |
| 1        | Which location in the university do u prefer the most |            |
| 2        | Is any location fine for you?                         |            |
| 3        | Enter a prompt variant                                |            |

## Step 6: Giving End of response statements:

### • SportsChamp

SAVE

| Text Response |                                 |  |
|---------------|---------------------------------|---|
| 1             | hi                              |   |
| 2             | hello                           |   |
| 3             | Hey Champ, how can I help you   |   |
| 4             | Hey Buddy, what help do u need? |   |
| 5             | Enter a text response variant   |  |

| Text Response |   |   |
|---------------|---|--|
| 1             | Good to know about you champ! see you soon. |  |
| 2             | Waiting to meet you at Sports Complex       |  |
| 3             | Enter a text response variant               |  |
